Use available handrails throughout the ship and watch hands and fingers in the doorways. Also, all guests should take extra care when on open decks — there may be strong winds, and/or decks may become slippery when wet. Thank you for your attention in this important matter.

HELPFUL HEALTH INFORMATION – Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as a Norovirus that can be transferred easily through person-to-person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea.

According to the United States Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.
